

	POLICY OF THE INTEGRATED MANAGEMENT SYSTEM		
DATE: 23.02.18	REVIEW: 03	CODE: DC-002	PAGE: 1 DE 1

MISSION

Offer Electrolytic Coating services with optimal Quality and Service, in order to satisfy the needs of our customers and other interested parties of our Integrated Management System.

VIEW

Be a reference in the industries of the Electrolytic Coatings sector at the Catalan level.

VALUES

Professionalism: ensure compliance with applicable legislation and regulations on Environmental, Quality and Occupational Risk Prevention and other subscribed requirements.

Sensitization: to carry out a continuous training of the ELECTROMETAL personnel and to encourage and demand from all our workers an awareness of Quality and respect for the Environment.

Efficiency: provide efficiency in the management of services by providing the highest quality to our customers and implement a process of continuous improvement of our Integrated Management System.

Flexibility: implement flexible and professional production processes that allow a maximum adaptation to the expectations of our customers.

Innovation: innovate with the application of the latest technological advances in our sector.

Sustainability: ensure the protection of the environment and prevent pollution, having the necessary facilities to ensure the application of clean, respectful and sustainable technologies with our environment.

Security: reduce the risks associated with the service, counting on the professionalism of the staff and effectiveness of its organizational structure.

This policy is complemented by the objectives of the integrated management system approved annually, and is available to all our stakeholders through publication on our website.

CARLES VIDAL
ELECTROMETAL, S.A. General Manager
